SUMMARY

I am a QA Engineer with 5 years of experience testing web, mobile, and ERP applications across Healthcare and E-commerce domain, Leading experience in both manual and automation testing, with a strong background in Agile methodologies. I specialize in ensuring product quality through comprehensive test strategies, effective collaboration, and attention to detail. Additionally, I am expanding my skills in DevOps practices to strengthen end-to-end delivery and drive continuous improvement.

SKILLS

Agile	Amplitude	Apache JMeter	Appium	AWS
AWS EC2	Braze	Route53	E Commerce	ERP
TestNG	Jenkins	LMS	Manual Testing	Charles Proxy
Sanity Testing	Scrum	Selenium	Terraform	TestNG
Rest	UAT	Microservices	AB Testing	sanity	ERP
ChatGPT	Java	Mobile Testing	webapp	API Testing
Test Automation				

EXPERIENCE

Software Test Engineer

Anoma Tech - Life360

📅 04/2022 - Present　　📍 Hyderabad

Life360 provides location-based services and safety solutions

- Designed and executed test cases for location tracking, alerts, messaging, and subscription workflows
- Built and maintained Appium automation scripts, improving test coverage and speeding regression cycles
- Validated in-app purchases & renewals via Apple Sandbox and Google Play Store
- Performed functional, regression, smoke, and sanity testing across devices for global rollouts
- Validated event tracking in Amplitude, debugged network calls using Charles Proxy, verified feature flag rollouts with LaunchDarkly, tested customer engagement flows in Braze, and ensured analytics and reporting accuracy in Satsig.
- Participated in Agile ceremonies, providing QA insights during planning and release discussions
- Contributed to bug bashes and beta testing (TestFlight & Google Play Beta)

KEY ACHIEVEMENTS

⭐ **Release Confidence Boost**

Improved release confidence by integrating smoke, sanity, regression, significantly enhancing testing efficiency

🚩 **Cycle Time Reduction**

Reduced regression cycle time for TechO2 by introducing automation for critical flows

⚡ **Defect Identification Recognition**

Recognized for early identification of critical defects, ensuring stable releases and increasing client trust

STRENGTHS

💡 **Self-Awareness and a Drive for Growth**

I am deeply self-aware and proactively seek feedback to identify my areas for development. I view every project not just as a task to complete, but as an opportunity to learn and grow my skill set, ensuring I am always adding more value to my role.

🧠 **Intellectual Curiosity**

I possess a strong sense of intellectual curiosity. I don't just accept processes at face value; I strive to understand the 'why' behind them. This drives me to ask questions and explore new ideas, which often leads to innovative solutions and process improvements.

💎 **Resilience and Persistence**

I am a resilient and persistent problem-solver. When faced with a challenge or a setback, I focus on adapting my approach and persevering until I find a solution. I see obstacles as puzzles to be solved, not as roadblocks.

🏅 **Critical Thinking and discernment**

My strength lies in my critical thinking and discernment. I carefully analyze information from various sources before forming a conclusion or making a decision. This helps me avoid biases, mitigate risks, and ensure that the strategies I recommend are well-founded and data-driven.

EXPERIENCE

Software Test Engineer

TechO2

📅 06/2019 - 03/2022   📍 Hyderabad

TechO2 provides technology solutions focused on digital transformation

- Performed end-to-end manual testing of ERP/EHR systems (Aprima, Athena, HealthFusion, and custom healthcare software) for US providers.
- Designed, executed, and maintained test cases and scenarios for functional, regression, workflow, smoke, sanity, and UAT testing.
- Validated core healthcare workflows: patient registration, scheduling, billing, and claims processing.
- Reported, tracked, and re-tested defects to ensure high-quality releases.
- Conducted manual testing for course creation, user registration, payments, and notifications.
- Developed Selenium automation scripts to enhance regression coverage.
- Performed cross-browser and device testing for a consistent user experience.
- Acted as Scrum Master, facilitating sprint ceremonies and ensuring on-time delivery.
- Collaborated with clients, CTO, and developers for requirement refinement and UAT.
- Prepared test documentation including test plans, results, and release notes.

STRENGTHS

🏆 **Courage and Vulnerability**

I believe in the power of courageous vulnerability. I'm not afraid to ask questions when something is unclear or to admit when I've made a mistake. I've found this creates trust within a team and allows us to address issues quickly and learn from them, ultimately leading to better outcomes.

☀ **Trust and Openness**

I actively cultivate trust and openness in my working relationships. I approach collaborations with a default position of trust in my colleagues' expertise and am open to diverse perspectives. I believe this is the foundation of psychological safety and truly effective teamwork.

EDUCATION

Bachelor of Commerce

GITAM University

📅 08/2016 - 05/2019   📍 Vizag
